

This map was compiled from U.S. Geological Survey maps and aerial photography from 1955, 1959, 1965, 1970, 1975, 1980, 1985, 1990, 1995, and other maps. This map was compiled using interactive computer graphic techniques. This map was prepared on the Transverse Mercator projection, NAD 83, East Zone, Florida system of plane coordinates. The railroad station symbol as shown on this map does not necessarily denote the presence of a depot or like facility. It may be only a point designated for the receipt or delivery of freight, such as a platform or siding. In suggested rural areas local roads are indicated by a single line only. For details refer to insets prepared for this county. No attempt has been made to show drainage canals and ditches. City populations are taken from the U.S. Census for 1990. In 1990, the population of Glades County was 7,992. There are 744 square miles in the county. No claim is made for the basic cartographic source material taken from a work of the United States Government. Maps of the area are in the public domain. The maps are compiled and published using public tax maps and are copyrighted to prevent photocopy and resale for profit. Permission to copy or reproduce this map must be authorized by the Surveying and Mapping Office, Department of Transportation, Tallahassee, Florida 32399-0400.

GENERAL LEGEND

- DIVIDED HIGHWAY
- HARD SURFACED ROAD
- SOIL, GRAVEL OR SHELL SURFACED ROAD
- GRADED AND DRAINED ROAD
- UNIMPROVED ROAD
- PRIMITIVE ROAD
- PRIVATE ROAD
- STREETS IN INSET WITHIN MAP
