This map was compiled from U.S. Geological
Survey quadrangle maps, aerial photography flown
in 1990, 2001, General Land Office plans, road
inventory surveys July 2003, and other map data.
This map was compiled using interactive com-
puter graphic techniques.
This map was prepared on the Transverse Mer-
cator projection, West Zone, Florida system of
plane coordinates.
The railroad station symbol as shown on this
map does not necessarily denote the presence of
a depot or the facility. It may be only a point
designated for the receipt or delivery of freight,
such as a platform or siding.
Local road alignments in Delimited Areas and
Residential Areas Under Development are not
indicated.
In congested rural areas local roads are indi-
cated by a single line only. For details refer to in-
sets prepared for this county.
No attempt has been made to show all drainage
canals and ditches.
City populations are taken from the U.S. Cen-
sus for 2000.
In 2000, the population of Hernando County was
130,000. There are 478 square miles in the county.
No claims made for the basic cartographic source
material taken from the work or works of the United
States Government.
Maps of this series are in the public domain. The
maps are compiled and published using public in-
formation and are copyrighted to prevent photocopying
