 - LOCKED GATE OR FENCE
 - TRIANGULATION STATION WITH NAME
 - LOCATION OF SYMBOL

This map was compiled from U.S. Geological Survey quadrangle maps, aerial photography taken in Dec., 1999, General Land Office data, road centerlines, and other data.

This map was compiled using interactive computer graphic techniques.

This map was prepared on the Transverse Mercator projection, NAD 1983, Florida system of plane coordinates, West Zone.

The railroad station symbol as shown on this map does not necessarily denote the presence of a depot or other facility. It may be only a point designated for the receipt or delivery of freight, such as a platform or siding.

Local road alignments in Delimited Areas and Residential Areas Under Development are not indicated.

In congested rural areas local roads are indicated by a single line only. For details refer to insets prepared for this county.

No attempt has been made to show drainage canals and ditches.

City populations are taken from the U.S. Census for 2000.

In 2000, the population of Polk County was 483,924. There are 1,874 square miles in the county.

No claims made for the basic cartographic source material taken from a work or works of the United States Government.

Maps of this series are in the public domain. The maps are compiled and published using public law money and are copyrighted to prevent photocopying and reuse for profit.
